This is a fun trip on which you can also learn a lot—by meeting people in addition to seeing the sights. Morocco was recently ranked the #3 country in the world for welcoming foreign tourists, after Iceland and New Zealand. Why would you go to such a friendly place and not meet the locals? Marrakech was recently listed by TripAdvisor as its #1 destination for 2015.

I really enjoy taking students to Morocco and sharing this amazing place with them. Please join me!
